Head Lice Reminder

As we settle into the new school year, we would like to remind you to check your child's hair regularly for head lice and nits.

Head lice are very common in primary-aged children and spread through close head-to-head contact.

To help reduce the likelihood of head lice spreading in school, please ensure that all children with long hair have it tied back each day.

Some helpful tips from the NHS include:

- Check your child's hair regularly using a fine-toothed detection comb, particularly if they have been scratching their head or if you have been informed of cases among friends or classmates.
- If head lice are found, begin treatment as soon as possible and check other family members at the same time.
- Regular wet combing can help remove lice and nits and identify any new cases early.
- Children do not need to stay off school if they have head lice, but prompt treatment is important.

Further information about identifying, treating and managing head lice can be found on the NHS website:

 NHS: Head Lice and Nits
<https://www.nhs.uk/conditions/head-lice-and-nits/>

Thank you for your support in helping us minimise the spread of head lice in our school.
